Visit us to collect your 30 day approval copies of our software titles.
 Don't forget - you can use your **Harnessing Technology Grant** with us too!

Maths City 2

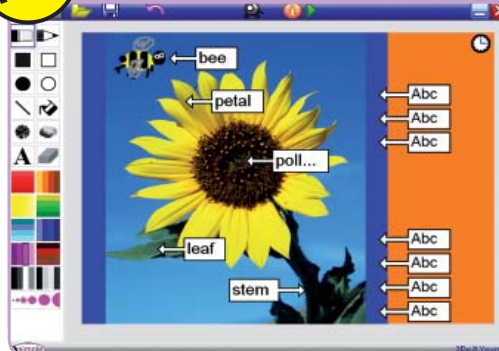

This program focuses on Shape, Space, Measure and Number in five FS roleplay areas: Underwater, the Shoe Shop, the Fruit Shop, the Building Site and a Birthday Party. Includes extensive plans and resources for on and off-screen collaborative and independent learning.

Single computer licence: £29
 Site licence: £249

2Do It Yourself

Create your own interactive Flash resources, activities, games, puzzles and quizzes. With this software, teachers and primary school children can create cross-curricular, personalised resources and use them on whiteboards, websites and even on Learning Platforms.

Single computer licence: £59
 Site licence: £399

2Create A Story

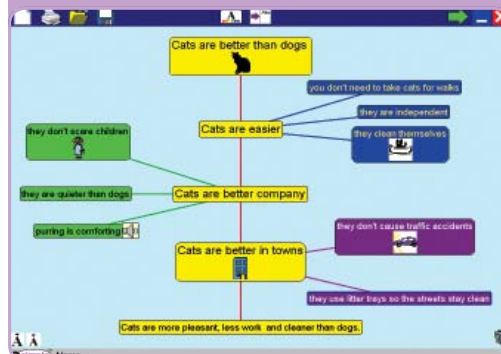

Combine words, pictures, sound and animation in a storybook format to support literacy and ICT. This software enables children to make exciting talking stories in minutes and publish them anywhere as Flash files!

Single computer licence: £39
 Site licence: £299

2Connect

A simple, easy to use concept mapping program for KS1 and upwards. 2Connect enables children to organise their thoughts and ideas in a meaningful way. Click and type, then drag one idea over another to create an automatic link.

Single computer licence: £39
 Site licence: £299

Also **NEW**: 2Assess ICT, 2Simple French & 2Simple Spanish
 For more info, please call us on: 020 8203 1781 or email: info@2simple.com
 If you cannot attend, please contact us for your program(s) to be sent to you.
